Early Stuart Sharing Method in 2012 & 2013

(based on 1996 sharing arrangement)

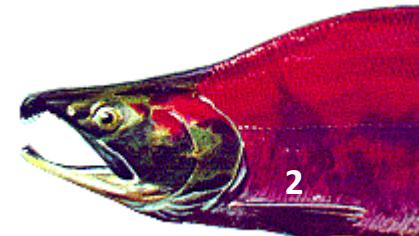

| | Shares (%) if TAC < 24.5k | Shares (%) if TAC > 24.5k |
|-----------------------------|------------------------------|------------------------------|
| Carrier-Sekani TC | (see note) | 5.0% |
| Lheidli Tenneh | 1.5% | 1.0% |
| Carrier-Chilcotin | 0.5% | 1.0% |
| TNG; NSTC; Esketemc | 15.4% | 13.0% |
| Whispering Pines - High Bar | 0.5% | 1.0% |
| St'l'atl'imx Nation | 25.6% | 13.0% |
| NWSFA; NNTC | 25.6% | 13.0% |
| Above Port Mann | 25.6% | 40.0% |
| Below Port Mann | 5.1% | 13.0% |
| Marine | 0.0% | 0.0% |
| Total | (see note) | 100.0% |

note: CSTC share is a min of 500 and pro-rated to get to 5000 when TAC is 24.5K

remainder of TAC after CSTC amount is subtracted is shared out among rest of groups

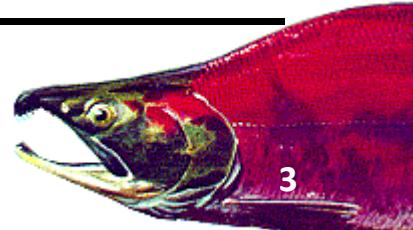

In 2012, only the <24.5k was implemented

In 2013, pre-season was >24.5k, but in-season were at <24.5k

2013 Early Stuart Catch

| FN Group | Share of available FSC | | % of Catch |
|-----------------------|-----------------------------------|---------------------|-------------------|
| | for sharing | Actual Catch | |
| Carrier-Sekani TC | 3,538 | 2652 | 28.4% |
| Lheidli Tenneh | 195 | 491 | 5.3% |
| Carrier-Chilcotin | 65 | 1569 | 16.8% |
| TNG; NSTC; Esket | 1,947 | | |
| Wing Pines - High Bar | 65 | 31 | 0.3% |
| Stl'atl'imx Nation | 3,247 | 947 | 10.1% |
| NWSFA; NNTC | 3,247 | 652 | 7.0% |
| Above Port Mann | 3,247 | 2801 | 30.0% |
| Below Port Mann | 650 | 179 | 1.9% |
| Marine | <i>incidental</i> | 16 | 0.2% |
| <i>Total</i> | 16,199 | 9338 | |

Early Stuart FSC Sharing in 2014???
